2. Cardboard
3. Glass (clear, green, brown)
4. Plastics (#1 & #2 **only**)
5. Aluminum
6. Newspaper
7. Green Wastes
8. Leaf Wastes

ATTENTION RESIDENTS & BUSINESSES NEW RECYCLING PROGRAMS!!

In an effort to help our residents and businesses dispose of unwanted material and keep our environment clean, North Cornwall Township is instituting recycling programs for: OLD CELL PHONES, INKJET CARTRIDGES & LASER CARTRIDGES.

We have partnered with the RecycleFirst company to aid us in the recycling of these materials. RecycleFirst will pay the Township for every piece of material that can be recycled. So, the more you recycle these materials, the more YOU directly help the Township put money back into the recycling program!

IT'S SIMPLE!! Just bring your old cell phones and accessories, inkjet and/or laser cartridges to our Township building and drop them in their respective boxes. OR (for inkjet cartridges only): take a few of our inkjet cartridge, postage paid envelopes with you to mail them directly from your home! *Please be sure to delete all names and phone numbers from your phone. The Township will not be responsible for any private information stored in the memory.*

DON'T THROW THIS,

IN YOUR TRASH!!

Take advantage of the Greater Lebanon Refuse Authority's Christmas Tree Program and RECYCLE IT!!

Once again, the GLRA will accept your fresh Christmas trees FREE. The program will run from Tuesday, 12/27/05 until Saturday, 2/18/06. Trees must be clear of all lights, decorations, tinsel and the like. Trees that exceed 10 feet in height, must be cut in half. Questions? Call the GLRA at 867-5790.
