

North Cornwall Township RECYCLING NEWS

CONGRATULATIONS!

On May 2, 2007 at the Greater Lebanon Refuse Authority's regular monthly board meeting, North Cornwall Township was given an award for outstanding recycling achievements in 2006. Because of your dedication to recycling, North Cornwall Township recycled 60% of its total generated waste, which was the third highest recycling rate in Lebanon County during 2006!

A very big THANKS must go out to all of our residents and businesses! Without your hard work, the recycling program would not be so successful!! Keep up the GREAT work! Come in & see the awards!

Remember to RECYCLE:

Residents

1. Glass (clear, green, brown)
2. Plastic bottles (#1 & #2 only)
3. Aluminum cans
4. Newspaper
5. Green/Woody Wastes
6. Leaf Waste

Businesses

1. Office Paper
2. Cardboard
3. Glass (clear, green, brown)
4. Plastic bottles (#1 & #2 only)
5. Aluminum cans
6. Newspaper
7. Green/Woody Wastes
8. Leaf Waste

GRASS-CYCLING (GRASS RECYCLING)

Don't bag it, just mulch it! Mulching your lawn is the best remedy for a healthier yard. Whatever you do, DO NOT throw your grass clippings in with your regular trash. This takes up much needed space in our landfill for materials that are not reusable.

So how do you "grass-cycle?" Just mow often and cut less than 1/3 of the growth when mowing. Don't let large clumps of grass accumulate on your lawn. Allow your clippings to stay on the lawn. They will break down within 7 to 14 days. The nutrients from the decomposing grass will make your lawn greener & healthier!

Jean Long, Township Recycling/Grant Coordinator
