HAULERS REQUIREMENTS

1. Only grease haulers registered to operate in North Cornwall Township shall be utilized for grease removal. (Section 10.A.)
2. All registered grease haulers must show evidence of adequate insurance per North Cornwall Township requirements. (Section 10.B.)
3. Grease interceptors must be cleaned out at least every 90 days or more often as required. (Section 7.)
4. The entire contents (floating materials, wastewater, and bottom sludges and solids) must be removed from the grease interceptor during servicing. (Section 7.C.)
5. All waste removed from each grease interceptor shall be disposed of at a facility permitted and authorized to receive such waste in accordance with all applicable Federal, State and local regulations. (Section 7.E.)
6. The contents of each grease interceptor serviced must be accompanied by a manifest noting information identifying the hauler, the grease generator, the type and amount of waste collected and transported, the signatures of the responsible persons and the date and place where the waste was deposited. The North Cornwall Township *Fats, Oil and Grease Hauled Waste Manifest* shall be used for this purpose. (Section 8.B.)
