Form, the request will be considered an informal request, not subject to the RTKL. This means the requester cannot pursue the relief and remedies provided for in the RTKL. To allow the Township to locate requested records and determine whether those records are public, requests for records should be specific and concise and clearly identify, as precisely as possible, the records sought. Requesters should clearly indicate the preferred method of access – paper copies, electronic copies, or by inspection. A requester should retain a copy of the request.

- C. *Verbal requests.* The Township will respond to verbal requests for records at its discretion. Requesters submitting verbal requests for records should be aware that they may not pursue the remedies available to a requester under the RTKL.
- D. *Anonymous requests.* The Township will not respond to anonymous requests for records.
